INSPIRE

Reflecting the vision of architects, developers and builders, we go beyond choice alone. We provide the right answers for your project.

MAKE

We're a manufacturer of bricks. One of the best, and proud of it. We stick to what we're best at, and do it with excellence.

DIRECT

As one source of supply, we bring time and cost-efficiency. With one point of contact, we deliver with accuracy, precision and certainty.

EXPERTS

Knowledge, authority and expertise is in our DNA. We don't just make and supply bricks, we understand bricks and what they mean.

SERVICE

It's all about the client experience. That means providing value, being reliable, sharing knowledge to ensure every project is successful.

INVESTED

We are stable, dependable and established. We have the authenticity of a rich heritage. The confidence of investment in state of the art technology. The reliability of solid future-proofing powered by Rijswaard Baksteen.

THE RIGHT BRICK FOR YOUR PROJECT. IT'S WHAT WE DO

Established in the UK for over 25 years, we are a leading manufacturer and supplier of brick for architects, developers and self-builders. But for us, that's only the start.

With AAB, you get so much more than just bricks. You get expertise. You get understanding, inspiration, support and certainty. With AAB as your partner, you can design, spec and select with complete confidence, secure in the knowledge that your vision and project is as important to us as it is to you.

ALWAYS THE RIGHT BRICK, IN THE RIGHT PLACE, AT THE RIGHT TIME.

AAB offers you a unique range of over 100 different types of Dutch, Danish and German manufactured clay-facing bricks. These are supplied in a range of colours, sizes and textures, including specials.

Our range encompasses both European architectural products and bricks specifically designed for the UK market. With certainty on timelines and delivery, you can rely on AAB to support the efficiency and success of your project.

A close-up, high-angle photograph of a brick wall. The bricks are a vibrant red color with a slightly textured surface. The mortar joints are a light, off-white color, creating a strong contrast with the red bricks. The perspective is from above, looking down at the corner of the wall, showing the repeating pattern of the bricks and mortar.
